The estimated beneficiary's amount represents the sum of the indicative share for each beneficiary when this information is available depending on the type of agreement and in accordance with the Financial Regulation. The amounts reported per individual beneficiary are calculated based on the initial contracted amount in the year of publication. Please keep in mind that during the lifespan of a project these amounts can change and thus a given beneficiary can at the end receive more, less or zero EU funding compared to the initial agreement. For questions on specific awarded EU funding, please use the "Request more information" button in the "Project details" view.
